No. of Functional Features Included in the Solution

Date	29 September 2026
Team ID	SWTID-2026-3672
Project Name	Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer
Maximum Marks	5 Marks

Functional Features Overview:

This document lists the functional features included in the ServiceNow solution for automating standard laptop procurement using Flow Designer. Each feature describes its purpose, implementation status, and contribution to the overall solution.

S.No	Feature Name	Feature Description	Module / Component	Status (Done / In Progress / Pending)	Marks Contribution
1	Standard Laptop Catalog Item	Employees can submit a standard laptop request with employee, department, model, RAM, and business justification details.	Service Catalog	Done	
2	Standard Laptop Options	Provides controlled laptop model and RAM choices for standard procurement requests.	Catalog Item	Done	
3	Flow Designer Trigger	Starts automation when a Standard Laptop Request RITM is submitted.	Flow Designer	Done	
4	Manager Approval	Routes the request to the appropriate manager/IT approver for approval or rejection.	Flow Designer / Approval	Done	
5	Procurement Task Creation	Creates an SC Task automatically for the IT Procurement assignment group after approval.	Flow Designer / SC Task	Done	
6	Approval / Rejection Notification	Notifies the requester about the approval or rejection result.	Notifications	Done	
7	Request Status Tracking	Updates the request through procurement stages and completion.	RITM / Request	Done	
8	Procurement Completion	Allows the procurement team to complete the task and close the request workflow.	IT Procurement	Done	

Feature Summary:

Metric	Count / Value
Total Features Planned	8
Total Features Implemented	8
Core / Must-Have Features	Catalog Item, Flow Trigger, Approval, Procurement Task, Notifications, Status Tracking
Additional / Nice-to-Have Features	Standardized laptop options and procurement completion tracking
Features Tested & Verified	Catalog submission, flow trigger, approval/rejection branches, task creation, notification and status update

Feature Category Breakdown:

S.No	Category	Features in Category	Example Features
1	User Interface (UI)	1	Standard Laptop Request Catalog Item
2	Backend / Logic	5	Flow trigger, approval decision, procurement task, status updates, completion
3	Database / Storage	1	RITM and Catalog Task records
4	API / Integration	0	No external API integration required
5	Security / Authentication	1	ServiceNow user access and approver authorization
